NOTES

GENERAL INFORMATION:

The BYIBA Light WAVE is a modern acoustic panel designed to enhance both aesthetics and functionality in interior spaces. Crafted with an aluminum body and polyester fiber, this suspended panel provides effective sound absorption while adding a sleek, architectural touch. Available in multiple sizes and a variety of 30 acoustic felt colors, it can be customized to suit different design needs. The WAVE panel is offered in pendant and surface-mounted installation options, making it a versatile choice for commercial and residential applications.
