NOTES

#### GENERAL INFORMATION:

The MILLI BIG is a sleek recessed spotlight designed for modern interiors where minimal depth is essential. With a total thickness of just 0,59", this fixture offers high performance in tight installation spaces without compromising on light quality or build. If you need a recessed ceiling or wall light that delivers powerful LED output in an almost flush mount format, the MILLI BIG is ideal. Its shallow depth makes it perfect for low space constraints, while its solid construction materials and patented fixing system ensure a secure, high-quality installation. Elegant and efficient, it suits residential, commercial, or architectural programmes where minimalism meets performance.
