NOTES

GENERAL INFORMATION:

The SIVIGLIA is a compact, linear recessed lighting element designed to deliver seamless architectural integration and refined illumination. Engineered for versatility, this fixture offers a clean, minimal aesthetic that disappears into the ceiling or wall, allowing light to speak for itself. Crafted with BYIBA’s signature high-performance materials, the SIVIGLIA is suitable for flush-mount installation in drywall or plasterboard, making it ideal for modern interior spaces. Once installed and painted, it becomes one with the surface—leaving only a crisp line of light. Great for residential and commercial interiors where subtle yet effective lighting is desired—hallways, niches, accent walls, display areas, and more.
