NOTES

GENERAL INFORMATION:

The WOLO EXTRA (BY-4246L-9010) is a recessed ceiling spotlight featuring five fully orientable inserts, each adjustable up to 30° for precise accent lighting. Made from CRISTALY®, its surface can be painted with water-based colors to perfectly blend with any interior design. The fixture provides direct, focused illumination, ideal for highlighting artwork, architectural details, or furnishings. With its seamless integration and customizable finish, the WOLO EXTRA 4246L combines refined aesthetics with versatile functionality.
