

MICROCOSMI MIRAGE (wall recessed)

BY-2524D-PL

PROJECT

SPEC TYPE

NOTES

GENERAL INFORMATION:

BYIBA Microcosmi Mirage (BY-2524D-PL) Recessed Wall Light — an elegant recessed LED wall light that merges minimalist design with refined light quality. Designed to integrate seamlessly into walls, it disappears from view and reveals only a warm, indirect glow — ideal for accentuating niches, alcoves or architectural details. Its subtle light enhances wall-mounted decorative elements or art, creating calm and sophisticated ambience without visual clutter. The Microcosmi Mirage also affords flexibility: multiple units can be arranged in linear sequences or clusters, giving architects and designers the freedom to build custom lighting compositions that fit each space.
