GENERAL INFORMATION:

BYIBA Persia (BY-8672B-PL) Wall Light — a minimalist ceramic wall lamp featuring a clean square silhouette that floats slightly off the wall to emit soft, indirect LED light from a narrow gap. Its subtle geometry and dual-direction glow create a calm, architectural atmosphere — perfect for modern interiors, galleries, or hospitality spaces where understated elegance matters. The design allows light to wash the wall gently both upward and downward, turning functional lighting into discreet ambience. Crafted in high-quality ceramic, the Persia 8672B blends craftsmanship and contemporary style for a refined result that suits any elegant space.
