## GENERAL INFORMATION:

Bring sophisticated lighting into your space with the BYIBA Ariel XL 8428 — a beautifully crafted wall-mounted fixture that blends minimalist form, fine materials and Italian craftsmanship. Crafted from high-quality ceramic, the Ariel XL 8428 features a horizontal, elongated chalice-shape that projects a single upward light emission for gentle, ambient wall-washing effect. Its upward-light emission softly highlights wall surfaces without direct glare — ideal for ambient lighting in corridors, living rooms, boutique hotel lobbies or refined commercial interiors. With its range of light source and finish options, the fixture adapts easily to project or bespoke lighting requirements.
