

ALFIERE COLLECTION (BOLLARD)

The ALFIERE COLLECTION are outdoor bollard luminaires defined by a discreet yet sculptural presence inspired by the shape of a chess piece. Designed by Giacomo Edi, their balanced composition combines sharp and soft lines, creating a reassuring and elegant form that integrates naturally into outdoor environments. Crafted from durable BETALY®, they are built to withstand outdoor conditions while maintaining a refined architectural appearance. Both models emit a soft, broad frontal light, ideal for gently illuminating pathways, gardens, and terraces with a calm and atmospheric effect.
