## MINU (BOLLARD)

The MINU is an outdoor bollard luminaire defined by its distinctive organic shape and sculptural presence. Designed by Alberto Ghirardello, it is composed of two separate elements, allowing for unique two-tone finishes and a refined architectural look. Made from durable BETALY®, it highlights the material's expressive qualities while ensuring long-lasting performance in outdoor environments. The integrated LED source emits a soft, diffused light, creating a delicate and atmospheric effect ideal for gardens, pathways, and terraces.
