

## OOLITE COLLECTION (BOLLARD)

The Oolite Collection is an outdoor collection of pathmarkers with unique designs made of Betaly® material, which are available in five different color finishes.

Designed by Maurizio Quargnale: OOLITE TRANSLATES THE RELATIONSHIP BETWEEN NATURE AND DESIGN INTO LIGHT.

A respectful dialogue between functionality and essential forms is expressed through this lighting element; manufactured in extremely tactile finishes and colors, it is fully integrable in green spaces. Its long and slender form can be inserted into larger spaces, such as outdoor areas bordering paths and patios, or in flowerpots and gardens.
