

ZETA COLLECTION (BOLLARD)

The ZETA COLLECTION is defined by its distinctive Z-shaped profile that combines minimal geometry with a strong architectural identity. Designed to emit soft, indirect light through its sculpted opening, it creates a refined atmosphere while subtly illuminating outdoor spaces. Crafted from high-performance BETALY®, the luminaires are highly resistant to weather, UV exposure, and impact, ensuring durability in outdoor environments. Available in different heights (A and B versions), the collection offers flexibility for pathways, gardens, and contemporary landscapes while maintaining a cohesive design language.
